SUMMARY

Senior product and creative designer with 5+ years of experience designing mobile apps, web platforms and brands across fintech, edtech, real estate and construction, for users in the US, UK, Canada and Nigeria. Designed Sendmonee, a cross-border payments app used by 10,000+ people, and led Cosub to 1,000+ users. I take products from user research and brand identity through design systems to live, accessible websites, and use AI tools to build and ship sites myself.

WORK EXPERIENCE

Senior Creative Designer

Innov8ive Group, United States | 2026 – Present

- Designed the **Innov8ive Solutions** website for the group's AI strategy, accessibility and design services.
- Designed **Innov8ive Academy**, an accessible learning management system (LMS): the academy website, the instructor dashboard and **Adventure Hub**, a gamified learning space for children aged 6–8.
- Led end-to-end creative for clients **Matryvo** and **IRES**, delivering brand identity, logo, design system, responsive website and print flipbooks for each.

Senior Product Designer

Finexsolutions (Sendmonee), Canada | 2024 – 2025

- Designed **Sendmonee**, a cross-border payments and multi-currency wallet app that helps the diaspora send money home to Africa, starting with Nigeria.
- Grew to **10,000+ users across the UK and Canada**.
- Built a consistent design system for the mobile app with engineers and product managers.
- Designed high-fidelity prototypes for the Sendmonee dashboard and marketing website.

Product Designer

Quitech, Lagos | 2023 – 2024

- Led product design for **Cosub**, a subscription-sharing app that launched and grew to **1,000+ users**.
- Ran user research for Cosub with 55 survey respondents and 15 interviews, then designed the information architecture, user flows and full mobile UI.
- Designed client and in-house products including Myhostel, Gettyversity, Clickearn, Presto and Drivelink, across fintech, ride-hailing and education.
- Mentored junior designers in prototyping, usability testing and design systems.

Product Designer

Excite Africa, Lagos | 2021 – 2022

- Designed and iterated on user interfaces for several of the company's software products.
- Set up a shared design system to standardise components and speed up developer handoff.
- Supported engineers through development so shipped screens matched the designs.

UI/UX Design Tutor

Mayorvest Consultancy, Kwara | 2021 – 2022

- Taught UI/UX design principles and wrote course materials for new designers.
- Handled the company's design work and mentored junior designers.

Product Design Intern

DesignOn Inc, Lagos | 2016 – 2018

- Ran user research and usability tests to inform design decisions.
- Contributed to the design system and created marketing materials with the marketing team.
